### COLLINS WILL SPEAK AT WEDNESDAY SERVICE

Mr. Collins will speak Wednesday night at Central Baptist church at 8 o'clock at the regular Wednesday night praise service, on the topic, "The Work of the Holy Spirit," for service under the caption of "Shut Up, Shut In, and Send Out." These weekly meetings are largely attended. Everybody is invited. Prayers for the sick continue immediately after the noon prayer meeting, somewhat interrupted by the painting of the church, which will be finished this week. Mr. Collins will visit the homes of the sick by telephoning to the church or leaving word there.

### POLISH ATTACK UPON LITHUANIANS REPORTED

LONDON, Sept. 1.—Polish forces have attacked Lithuanian troops near Augustow, about 30 miles northwest of Grodno, according to a telegram from Kovno to the Lithuanian representative in London. Recent advice from Lithuania have referred to a boundary dispute between that country and Poland.

### DRYS NOMINATE WOMAN.

INDIANAPOLIS, Sept. 1.—Mrs. Culla J. Vandinder, of Upland, was nominated a candidate for United States senator by the Indiana Prohibition party, which concluded its annual convention in Indianapolis last night. Mrs. Vandinder is the wife of the present of Indiana university. Rev. P. M. Kraft, of Indianapolis, was selected as the party's candidate for governor. A platform declaring for a league of nations and the establishment of world courts for the settlement of international disputes was adopted.

### COAL MEN BOUND OVER.

KNOXVILLE, Tenn., Sept. 1.—H. Howell and J. C. Furman, officials of the Emory River Coal company at Har-riman, Tenn., were bound over to the federal grand jury today for alleged violations of the Lever law in taking excessive profits in coal sales. Both have bonds.

## CALMEL LOSING OUT IN SOUTH

Mr. Dodson, the "Liver Tone"  
Man, Responsible for  
Change for the Better.

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but it will give you easy relief in every case of liver sluggishness and constipation. Just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

## Eastern Success Of Boat Lines Is Big Local Boost

Successful operation of boat lines on rivers in the East by railroad corporations are pointed to by members of the river transportation committee in Memphis, who are seeking to form a \$1,500,000 corporation to establish adequate boat service on the Mississippi river out of Memphis.

Reports received by this committee indicate that these lines have been of tremendous value in overcoming the freight car shortage and have been money-makers as well. Memphis, preparing to take advantage of the river no longer ignored, is in position to retain for the city its present supremacy and at the same time aid the railroads by handling excess freight.

The Lehigh Coal and Navigation company's fiscal report as published recently in the Philadelphia Public Ledger is the Lehigh Coal and Navigation company earned net income of \$2,574,852 during 1919, an increase of \$69,738 over the preceding year. Gross revenue of \$24,886,907 was reported, of which \$20,066 was derived from the operations of its coal properties. Gross expenses of \$17,817,897, operating taxes of \$385,285, depletion allowances of \$390,996 and depreciation and other reserves of \$1,382,485 brought this down to net revenue of \$4,519,226. After allowing for general expenses and fixed charges of \$2,035,352, there remained a net income, carried to profit and loss, of \$2,483,874.

More than ordinary interest was shown in that part of the company's report giving amounts of coal produced during the year. The total for the twelve months was 3,876,073. This compares with 4,729,080 in 1918. Per hour production was 1,846, as against 1,909 in the preceding year, while "working time hours were given as 64,000 in 1918, that item was 29,991.

With regard to expenditures the report explained that: "Capital expenditures during the year for additions and betterments amounted to \$1,287,162.07. The charges for depreciation and other reserves in connection with coal mining and marketing property, amounted to \$1,382,485.74. Reserve accounts were charged \$621,640.57 to cover abandoned property. There was charged against operation for depletion during the year \$374,877.91."

## DISCUSS COLLEGE AT NOON LUNCH

What Will Presbyterians Do  
in Coming Drive Is  
Paramount Question.

What will the Presbyterians do for the proposed Memphis college? This was the question discussed at a luncheon held at the Chamber of Commerce on Tuesday at noon. A special committee of Presbyterian pastors and church members, men and women, has been appointed for the conduct of the campaign among the Presbyterians of the city. It is generally understood that the new college for Memphis is a civic proposition and belongs to the entire city. At the same time there is a special responsibility which rests upon the Presbyterians for the conduct of the campaign. The college will be part full well. The college will be nonsectarian though entirely Christian in its teachings. No other sort of college is desired.

The Memphis pastors members of the special committee are Dr. C. H. Williams, Dr. A. B. Curry, Dr. F. D. Daniel, Dr. J. B. Carpenter, Dr. T. M. Lowry, Dr. H. O. Holstead, Dr. J. H. Lumpkin and Dr. J. W. Orr. In addition to the representatives of the Memphis churches special committees will be formed in the churches in Shelby county outside of Memphis. These churches are Edmondson, Whitehaven, Nesboda, Arlington, Rosemark, Kerrville and Stoka.

Regret was expressed at the absence of Dr. William Crowe on account of his removal from Memphis to St. Louis. Dr. Crowe sent the following message to the meeting: Within the last few weeks I have visited a number of states within the bounds of our assembly from Missouri to North Carolina. Everywhere I found people interested in the Memphis college enterprise. It is considered by the Presbyterian church the largest undertaking ever yet entered upon in its history. It is therefore necessary for the Presbyterian people of Memphis and Shelby county to meet this church-wide expectancy. Unless they do arise in their might to this opportunity and responsibility they will

not only fail to secure that which would mean so much to their own homes but they will have to endure the reproach of a waiting church at large. Seeing therefore that we are compassed about with so great a cloud of witnesses it becomes necessary to acquit ourselves like men. It is my personal belief that this college can be built and with proper zeal on the part of our local Presbyterian people will be built.

The committee will hold a mammoth mass meeting early in October in the interest of the campaign.

### MISS MOSTETT BURIED.

Funeral services for Mary Ellen Mostett, 12-year-old daughter of Norman and Nellie Smith Mostett, who died at Tazewell, Ark., Monday evening, were to take place Wednesday afternoon at 3 o'clock, from the funeral parlors of Thompson Brothers. Services were to be conducted at St. Patrick's church, with burial in Calvary cemetery. Beside her parents, Mary Ellen is survived by a sister, Katherine, and two brothers, James and Thomas Mostett.

"My! but it's cooling!"—on a hot day

WHEN you are hot and perspiring, when your hair clings to your head and your clothes are wringing wet from labor or vigorous outdoor exercise, then there is nothing quite so cool and refreshing as a shampoo or bath with "La Creole" Liquid Shampoo.

One of the principal ingredients of this preparation is menthol. You apply it to your feverish scalp and body while in the bath just as you would ordinary soap, and the "coolness" of the menthol draws the heat from your scalp and skin like a plunge into an icy stream.

The "coolness" spreads over you like a breeze from snow-capped peaks. And the cost is so trifling as to be hardly worth mentioning.

"La Creole" Liquid Shampoo is not only delightfully refreshing—but it is exquisitely cleansing. It is made from an exclusive Menthol formula of purest vegetable oils. It contains no animal fats to ruin the hair or clog the pores of the skin, such as you get in common bath soaps and inferior shampoos. The soothing vegetable oils lather freely and leave the hair soft and silky—the scalp clean and healthy—and the body delightfully refreshed.

Especially recommended for bathing and washing the hair of children because of the purity of the oils from which it is made. It will be found refreshingly beneficial to their tender, sensitive skin.

**Proper care of the hair**  
"La Creole" Hair Tonic is invaluable to those whose hair requires stimulating. If your hair is falling out, growing thin or shows a tendency to lose its luster and brilliancy—then apply "La Creole" Hair Tonic two or three times a week for several weeks. You will be surprised at the results.

The Council of the American Medical Association (the highest authority known) has recognized Resorcinol Monoacetate—the principal ingredient of "La Creole" Hair Tonic—for the treatment of dandruff (seborrheal eczema) and baldness (alopecia-areata)—the common foes of beautiful, healthy hair. Thus science approves the use of this wonderful preparation.
